

Villas of Kings Crossing Newsletter

November 2025

Now that almost all of our snowbirds are back, we'd like to start our monthly potluck suppers at the pool house. If anyone is interested in hosting for November, let me know what date you are interested in and I will be happy to make a flyer for the bulletin board and a sign-up sheet for the pool house.

Bunco is starting up this coming Monday. If you would like to play either as a regular or a sub, please let me know as we'd be most happy to have you join us. We play on the first Monday of the month at the pool house for most of the season. It's easy to learn, a lot of fun, and a great time to socialize. We are certainly open to adding your friends who may not live in the Villas.

We will be doing power washing of the sidewalks and driveway areas some time mid-month. Linda Stevens will post a notice on the bulletin board as to the date so people can move their cars out of the way and remove any items in their courtyards (door mats, etc.) that could possibly be damaged by the washing.

A contractor has been arranged for the replacement of the fountain in the north pond, and we are just waiting for some electrical work to be done before the work begins.

You have likely noticed that the bark mulch has been delivered. Mario will start laying it down soon. Mario has also started doing the shrubs and will hopefully be getting to all units shortly. If you have any shrubs that you do not want him to trim, please either tape a note to them or let him know when he comes by. We did buy a few new hibiscus bushes for the side of the pool where we had some old overgrown bushes removed. We also had some planted in the island area in front of the pool.

November birthdays – happy birthday to Diane Malaker on the 17th. No anniversaries to share. Let me know if you'd like to be included.

Please keep your carriage lights on for safety and continuity.
